*THE NATIONAL ANTHEM - ARRANGED BY CAROL WILLIAMS*

# SPRECKELS ORGAN

Among the first of Balboa Park's cultural gems, thanks to the vision of brothers **Adolph and John D. Spreckels**, this gift to the people of San Diego is a pipe organ that can perform the full range of musical masterworks. Built by the Austin Organ Co. of Hartford, CT, the Spreckels Organ was deeded to the City on January 1, 1915 at the opening of the Panama-California Exposition and has played steadily ever since then. Today it

contains 4,518 pipes, comprising 73 ranks. The organ is maintained by L. W. Blackinton and Associates, Inc; Lyle Blackinton and Dale Sorenson, Co-Curators, who are at work to install the new Centennial Tuba pipe rank and the Gamba and Gamba Celeste pipe ranks that have been funded by member contributions during the past year. These are the first stages of the "Drive to 5,000 Pipes" that will make the Spreckels Organ once again the world's largest outdoor pipe organ. These new elements and more will be dedicated at the special Centennial Concert on the evening of December 31, 2014.

In 2001, British born **Carol Williams** was the first woman to be appointed **Civic Organist**. She graduated with top honors from London's Royal Academy of Music and continued her education in France. Subsequent studies were at Yale University, and she earned her Doctorate of Music at the Manhattan School of Music in New York City. Her concerts continue to take her to places such as Europe, China, Russia, and the Far East, as well as throughout the USA. Dr. Williams is the Artistic Director at the Spreckels Organ Society, helping create the largest pipe organ festival in North America every summer. The 2014 Festival begins June 23. For more info, Google: Carol Williams.

The Spreckels Organ Society is a Non-profit 501(c)(3) corporation. These free organ concerts are Sponsored by Your Donations, plus
